Designated safeguarding lead is: Vicky Grisold (Main site) Claire Stephenson (Yellow Room)

Aim

We are committed to safeguarding children, young people and vulnerable adults and will do this by putting young people and vulnerable adult's right to be '*strong, resilient and listened to*' at the heart of all our activities.

Key Commitment 1

- All staff receive adequate training in child protection matters and have access to the setting's policy and procedures for reporting concerns of possible abuse and the safeguarding procedures of the Local Safeguarding Partners.
- All staff have adequate information on issues affecting vulnerability in families such as social exclusion, domestic violence, mental illness, substance misuse and parental learning disability, together with training that takes account of factors that affect children that arise from inequalities of race, gender, disability, language, religion, sexual orientation, or culture.
- We use available curriculum materials for young children, taking account of information in the Early Years Foundation Stage, that enable children to be *strong, resilient, and listened to and heard*.
- We adhere to the EYFS Safeguarding and Welfare requirements.

Key Commitment 2

- All staff are trained in line with the Criteria set out in Annex C of the EYFS (November 2025).

Safeguarding training is refreshed annually and renewed every two years. The designated safeguarding lead ensures support, advice and guidance for all staff to meet their safeguarding responsibilities by:

- Regular supervision and 1:1, Team meeting and reviewing safeguarding procedures together
- There are procedures in place to prevent known abusers from coming into the organisation as employees or volunteers at any level.
- Safeguarding is the responsibility of every person undertaking the work of the organisation in any capacity.
- There are procedures for dealing with allegations of abuse against a member of staff, or any other person undertaking work whether paid or unpaid for the organisation, where there is an allegation of abuse or harm of a child. Procedures differentiate clearly between an allegation, a concern about quality of care or practice and complaints.
- There are procedures in place for reporting abuse of children or a young person in the setting.
- There are procedures in place for reporting safeguarding concerns where a child may meet the s17 definition of a child in need (Children Act 1989) and/or where a child may be at risk of significant harm, and to enable staff to make decisions about appropriate referrals using local published threshold documents.
- There are procedures in place for reporting abuse of a vulnerable adult in the setting.
- There are procedures in place in relation to escalating concerns and professional challenge.
- There are procedures in place for working in partnership with agencies involving a child, or young person or vulnerable adult, for whom there is a protection plan in place. These procedures also take account of working with families with a

‘child in need’ and with families in need of early help, who are affected by issues of vulnerability such as social exclusion, radicalisation, domestic violence, mental illness, substance misuse and parental learning disability.

- These procedures take account of diversity and inclusion issues to promote equal treatment of children and their families and that take account of factors that affect children that arise from inequalities of race, gender, disability, language, religion, sexual orientation, or culture.
- There are procedures in place for record keeping, confidentiality and information sharing, which are in line with data protection requirements.
- We follow government and Local Safeguarding Partners guidance in relation to extremism.
- The procedures of the Local Safeguarding Partners must be followed.

- The ‘designated safeguarding lead’ ensures they have received appropriate training on child protection matters and that all staff are adequately informed and/or trained to recognise child abuse in the categories of physical, emotional, and sexual abuse and neglect.
- The ‘designated safeguarding lead’ ensures all staff are aware of the additional vulnerabilities that affect children that arise from inequalities of race, gender, disability, language, religion, sexual orientation, or culture and that these receive full consideration in child, young person, or adult protection related matters.
